I prefer to participate in the workshop at:

- DTU, Copenhagen, Denmark
- UVIE, Vienna, Austria

SURVEY – please complete

1. Do you have practical experiences with field flow field fractionation (FFF)?
If yes, how long have you been working with FFF?

Yes

No

2. Please note the experiences you have with FFF systems
(e.g. size fractionation of macromolecules)

3. What detector(s) for FFF characterization and quantification do you use?
(e.g. SLS, DLS, UV-DAD, ICP-MS, DRI, Fluorescence)

4. What experiences do you have regarding handling of nanoparticles?

5. What nanoparticles do you work with?

6. What other techniques do you use to quantify and characterize inorganic nanoparticles?

7. What do you expect from the workshop?
